

Remember first of all that this country supposedly is a democracy, where the discussion of issues is to include ALL sides of public debate and discourse. Increasing monopolization and ownership of independent media and radio stations by a few large radio and television companies with a biased ownership will not give us a balanced truthful account of the reasons we wage peace or war. WE MUST ALLOW A DIVERSE ARRAY OF MEDIA STATIONS FOR TRUE DEMOCRACY TO WORK. NO TO MONOPOLIZATION OF NEWSPAPER, RADIO AND TELEVISION STATIONS.
